

**PLAINFIELD CHARTER TOWNSHIP  
COUNTY OF KENT, MICHIGAN  
RESOLUTION NO. \_\_\_\_**

At a regular meeting of the Township Board of Plainfield Charter Township, held at Township Hall, 6161 Belmont Ave NE, Belmont, MI 49306, on the 11<sup>th</sup> day of May 2026, and commencing at 6:00 p.m.

PRESENT: Board Members: \_\_\_\_\_  
\_\_\_\_\_

ABSENT: Board Members: \_\_\_\_\_

The following resolution was offered by Board Member \_\_\_\_\_ and supported by Board Member \_\_\_\_\_.

**RESOLUTION APPROVING A BROWNFIELD PLAN FOR THE RAVEN  
TOWNHOMES BROWNFIELD REDEVELOPMENT PROJECT.**

WHEREAS,

- A. Act 381 of the Public Acts of Michigan of 1996, as amended (“Act 381”), also known as the Brownfield Redevelopment Financing Act, authorizes municipalities to establish brownfield redevelopment authorities.
- B. On October 26, 2020, the Township Board of Plainfield Charter Township, acting in accordance with Act 381, adopted Resolution No. 2020-31 establishing the Brownfield Redevelopment Authority of Plainfield Charter Township (the “Authority”).
- C. Raven Townhomes, LLC (the “Developer”) intends to develop certain real property located within the Township commonly known as 3144 5 Mile Road NE, Plainfield Township, MI 49525 and legally described as follows:

Land in Plainfield Charter Township, County of Kent, State of Michigan, described as follows:

N 395 FT OF E 440 FT EX COM AT NE COR OF SEC TH N 88D 19M 49S W  
ALONG N SEC LINE 40.25 FT TH S1D 40M 11S W 33.0 FT TH S 8D 45M 34S  
W TO S LINE OF N 395 FT OF NE 1/4 TH ELY ALONG SD S LINE TO E  
SEC LINE TH NLY ALONG E SEC LINE TO BEG \* SEC 34 T8N R11W 3.36  
A. (the “Property”).

- A. Pursuant to and in accordance with the provisions of Act 381, the Authority’s Board has approved and recommended to the Township Board for approval the brownfield plan for the redevelopment of the Property (the “Plan”). The Plan is attached as Exhibit A of this Resolution.

- B. Under the Plan, the Developer develops the Property for residential Townhomes use. For the duration of the Plan, 20% of the residential units (5 units) will be income qualified housing for households earning up to 120% of Kent County’s area median income.
- C. In accordance with section 14 of the Act, the Township Board conducted a public hearing on the Plan on May 11, 2026. Notice of the hearing was provided in accordance with the Act.
- D. As a result of its review of the Plan and upon consideration of the views expressed at the public hearing, the Township Board desires to proceed with approval of the Plan.

NOW, THEREFORE, BE IT RESOLVED THAT:

- 1. In accordance with the Act, the Township Board makes the following determinations and findings with respect to the Plan:
  - a. The Plan constitutes a public purpose under the Act.
  - b. The Plan meets the requirements of sections 13 and 13b of the Act.
  - c. The proposed method of financing the costs of the eligible activities as described in the Plan is feasible and the Authority has the ability to arrange the financing.
  - d. The costs of the eligible activities proposed in the Plan are reasonable and necessary to carry out the purposes of the Act.
  - e. The amount of captured taxable value estimated to result from the adoption of the Plan is reasonable.
  - f. The subject property (real and personal) under the Plan is eligible property under the Act.
  - g. The expenses to be reimbursed under the Plan are eligible expenses under the Act.
  - h. The end use of the Raven Townhomes Redevelopment Project as described in the Plan (the “Project”) has the following elements that meet the Township’s criteria for investment:
    - i. Missing Middle Housing Type
    - ii. Workforce Housing Provision
- 2. Pursuant to the authority vested in the Township Board by the Act, and pursuant to and in accordance with the provisions of section 14 of the Act, the Plan is hereby approved subject to the following:
  - a. The Authority must approve the work plan prior to it being submitted to the Michigan State Housing Development Authority.

- b. The Authority must approve the development agreement or reimbursement agreement entered into by the Developer and the Authority prior to the development agreement or reimbursement agreement being submitted to the Michigan State Housing Development Authority.
  - c. Developer reimbursement under the Plan may not exceed \$655,505 or 10 years of reimbursement, whichever is less.
3. Any amendments to the Plan must be approved by the Township Board in accordance with the Act.
  4. Should any section, clause, or phrase of this Resolution be declared to be invalid by a court of competent jurisdiction, the same will not affect the validity of this Resolution as a whole nor any part thereof other than the part so declared to be invalid.
  5. Nothing in this Resolution will be interpreted to limit the Township Board's authority to abolish or terminate the Plan in accordance with the Act or to take any other action regarding the Authority or the Plan in accordance with the Act.
  6. All resolutions and parts of resolutions in conflict with this Resolution are hereby rescinded.
  7. This Resolution is effective immediately.

## ACT 381 BROWNFIELD PLAN

### 1.0 INTRODUCTION 1.1 Proposed Redevelopment and Future Use for Each Eligible Property

Raven Townhomes, LLC ("*Developer*") intends to develop the property located at 3144 5 Mile Road NE, Plainfield Township, MI 49525 (the "*Property*"). The Property historically housed a single-family home used for that purpose with associated site improvements. Developer is proposing to demolish the existing house and construct a new for-rent residential development on the Property that will include six (6) two-story four-unit attached townhome buildings (two and three-bedrooms) for a total of twenty-four (24) units (12- 2-beds and 12 3-beds) with total square footages ranging from 1,484 – 1,540 SF per unit (the "*Project*"). Developer is proposing to offer approximately twenty-one percent (20.8%) of the units (5 – 2-beds) as attainable housing units that will be priced for income qualified households (i.e., those with an annual household income of not more than 120% AMI) for a period of 10 years.

The Property is located near the corner of 5 Mile Road and East Beltline Avenue NE. It is surrounded by multifamily residential along East Beltline Avenue and mainly single-family residential along 5 Mile Road. The Project will help address the shortage of available residential rental housing in Plainfield Township (the "*Township*") and the Project and its location are consistent with the Township Master Plan and Authority's development priorities, including the development of housing. The Project will also facilitate the development of housing that will be priced for households earning 81-120% AMI, of which there is a demand for 1,274 units in Kent County (excluding the City of Grand Rapids) by 2029 as identified by the Grand Rapids/Kent County Housing Needs Assessment (see link below or Figure 3 for Housing Assessment Table).<sup>1</sup>

Total capital investment is estimated to be approximately \$7 million. Construction of the Project began in late 2025 and is expected to be completed within approximately 18 months.

Development of the Property will generate a substantial increase in long-term property tax revenue for the taxing jurisdictions, stimulate additional investment in the surrounding area, and increase availability of the housing stock in the community. For these reasons, this Plan constitutes a public purpose and meets all of the criteria needed for approval by the Township, as set forth in Act 381 of 1996, as amended (the "*Act*"). This Plan also addresses several of the Township's priorities, including desirable end uses (housing

projects) and targeted community benefits (utilizing high-end building materials (see notes in 2.1 below) and practices from local builders).

## 1.2 Eligible Property Information

The Property is 3.13 acres and considered an “eligible property” as defined in the Act because it is considered “housing property” under Section 2(y) of the Act and the Project includes “housing development activities” under Section 2(x) of the Act. Pursuant to Section 2(y), the Project will include one or more units of residential housing constructed, rehabilitated, or otherwise designed to be used as a dwelling. As required by Section 2(o)(ii) of the Act, community housing needs and area absorption data and job growth information are included in the Grand Rapids/Kent County Housing Needs Assessment.

The Property includes one parcel of property located at 3144 5 Mile Road NE, Plainfield Township, MI 49525. See [Figure 1](#) for a map of the Property and [Figure 2](#) for the Property’s tax parcel number and legal description.

## 2.0 INFORMATION REQUIRED BY SECTION 13(2) OF THE STATUTE

### 2.1 Description of Costs to Be Paid for With Tax Increment Revenues

Developer will seek tax increment financing (“TIF”) from available local taxes, school operating taxes, and state education taxes for eligible activities at the Property, including housing development activities, and brownfield and work plan preparation, development and implementation, totaling \$803,400. Additionally, \$50,000 is included to cover the reasonable cost of brownfield and work plan implementation for the Township.

Per Plainfield Charter Township Brownfield Redevelopment Authority’s (BRA) guidance, the base reimbursement available to the project is a period of up to 10 years. The duration of reimbursement is expected to be 10yrs based on Township policy. This project meets the following BRA development priorities:

- *Community Benefits:*
  - *Projects with sustainable, high-end building materials (list below) receive a bonus of 1 year of TIF.*
    - Windows with Fibrex composite material for sustainability and energy efficiency
    - Metal roof accents
    - Combination of stone and engineered trim work on the exterior of the buildings
    - Solid surface countertops

- Luxury Vinyl Planking throughout kitchen, dining, living areas of the residences
  - Painted pre-built plywood cabinets
  - Energy efficient appliance package included in each residence
- *End Uses:*
  - *Housing Projects receive a bonus of 5 years of TIF.*
    - The Project is a new multifamily housing project

Based on the current policy, the Project is eligible to collect TIF revenues for 16 years (TIF reimbursement is limited to 30yrs under the Act) and 25 years by the Township. The Project is seeking 10yrs of TIF Reimbursement.

The table below shows the estimated total costs of the eligible activities for the Project that qualify for reimbursement from TIF and the amounts based on the BRA's Guidance for Brownfield Plans:

Eligible Activities (Local Taxes)	
	Total Estimated Cost
1. Housing Development Activities (PRL Financing Gap)	\$773,400
2. Brownfield Plan / Work Plan Preparation	\$30,000
3. Brownfield Plan / Work Plan Implementation (Authority)	\$50,000
<i>Sub-total</i>	\$853,400
Eligible Activities (Local Taxes Only)	
4. BRA Administration (5% of Developer Eligible Activities)	\$28,067
5. Local Brownfield Revolving Fund Capture	\$192,521
ELIGIBLE ACTIVITY TOTAL	\$1,073,988

## 2.2 Summary of Eligible Activities

"Eligible activities" are defined in the Act as meaning one or more of the following: (i) department specific activities; (ii) due care activities; and (iii) additional response activities; (iv) reasonable cost of developing and preparing brownfield plans, combined brownfield plans, and work plans; (v) demolition of structures that is not a response activity; and (vi) lead, asbestos, or mold abatement. In addition, for "housing property," eligible activities also include "housing development activities," both as defined in the Act.

The cost of eligible activities is estimated in the table above and includes the following:

- a. Housing Development Activities. To support the need for housing in Plainfield Township, Developer intends to price approximately 21% (20.8%) of the Project's residential units for income qualified households (i.e. those with an annual household income of 120% AMI or less for a period of 10yrs). Reimbursement to offset Developer's potential rent loss (i.e. financing gap) and cost associated with the development of those units is an eligible activity. The housing development activities were calculated using the MSHDA Control Rents compared to Developers projected rents for Potential Rent Loss (PRL) and Total Housing Subsidy (THS) (see Table 2 for calculation), which includes a financing gap reimbursement to fill a financing gap associated with the development of housing units priced for income qualified households.
- b. Brownfield Plan/Work Plan Preparation and Development. Costs incurred to prepare and develop this brownfield plan and proposed work plan, as required per Act 381 of 1996, as amended.
- c. Brownfield Plan/Work Plan Implementation. Costs incurred by the Authority to implement this brownfield plan and proposed work plan, as required per Act 381 of 1996, as amended.
- d. Brownfield Redevelopment Authority Plan Administration. Administrative fees are 5% per Township guidance.
- e. Local Brownfield Revolving Fund. Up to 5 full years following reimbursement.

### 2.3 Estimate of Captured Taxable Value and Tax Increment Revenues

An estimate of the real property tax capture for TIF is attached as Table 1.

### 2.4 Method of Financing and Description of Advances Made by the Municipality

The cost of the eligible activities included in the Plan and related to the development will initially be paid for by Developer (Authority Implementation costs excluded) and it will seek reimbursement through available local and school property tax increment revenues during the term of the Plan.

### 2.5 Maximum Amount of Note or Bonded Indebtedness

No bonds or notes will be issued for the Project.

### 2.6 Duration of Brownfield Plan

The duration of the Plan for the Project is estimated to be 16 years. It is estimated that development of the Property will be completed in 2027 and Developer is requesting the lesser of full reimbursement or 10 years of TIF, plus up to five full years of capture for the Local Brownfield Revolving Fund (the "LBRF"). Therefore, the first year of tax increment capture will be 2027 and the Brownfield Plan will remain in place until the lesser of Developer's full reimbursement, or 10 years, and the Authority has completed capture for the LBRF capture, if available, subject to the maximum duration provided for in MCL 125.2663.

## 2.7 Estimated Impact of Tax Increment Financing on Revenues of Taxing Jurisdictions

An estimate of real property tax capture is attached as Table 1.

## 2.8 Legal Description, Property Map, Statement of Qualifying Characteristics and Personal Property

- a. *Legal Description*: See Figure 1.
- b. *Location and Site Map*: See Figure 2.
- c. *Characteristics of Property*: The Property is an "eligible property" because it is "housing property," as defined in the Act.
- d. *Personal property*: All new personal property added to the Property is included as part of the "eligible property" to the extent it is taxable.

## 2.9 Estimates of Residents and Displacement of Individuals/Families

There are no persons currently residing on this Property and, therefore, no families or individuals will be displaced.

## 2.10 Plan for Relocation of Displaced Persons

There are no persons currently residing on the Property and, therefore, no families or individuals will be displaced.

## 2.11 Provisions for Relocation Costs

There are no persons currently residing on the Property and, therefore, no families or individuals will be relocated.

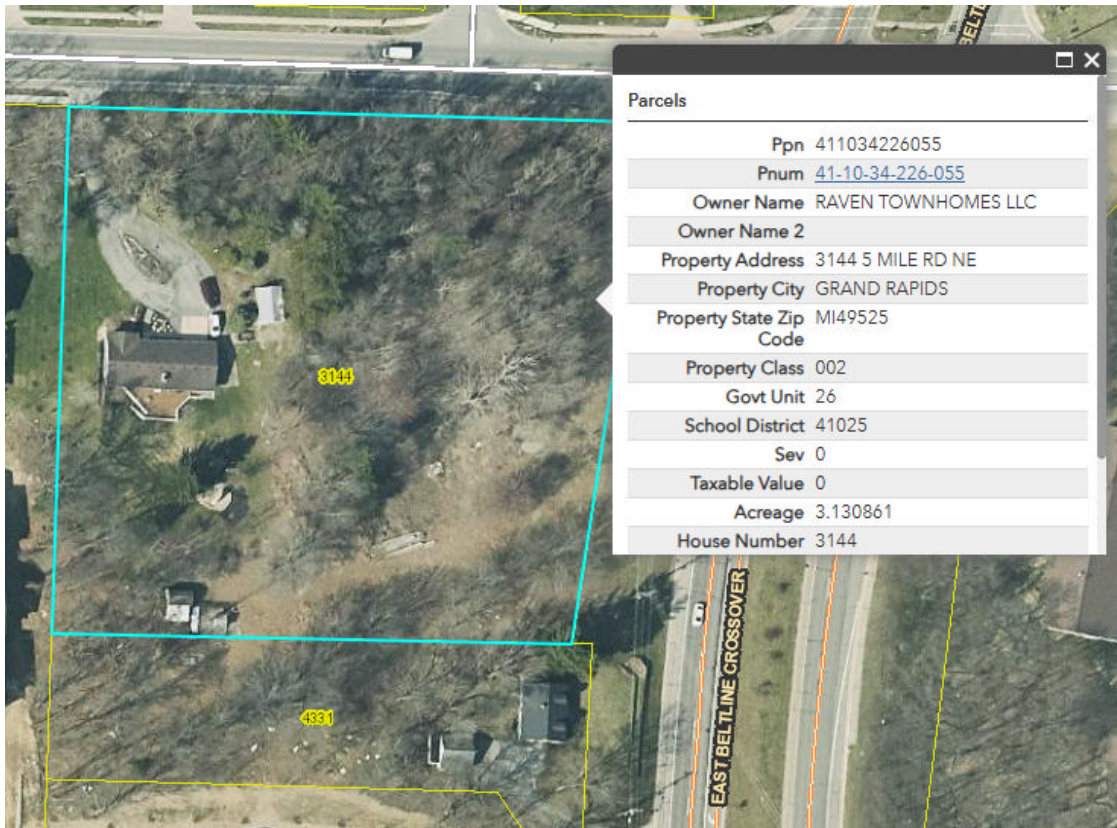

## 2.12 Strategy for Compliance with Michigan's Relocation Assistance Law

There are no persons currently residing on the Property and, therefore, no families or individuals will be relocated.

#### 2.13 Other Material that the Authority or Governing Body Considers Pertinent

The Project will significantly improve the overall use of the Property by replacing an underutilized property in the Township by adding new townhome units for residents. The housing provided by the Project will meet a critical need in the community and address several of the Township's development priorities, including the development of multifamily housing at the southwest corner of the East Beltline/5 Mile intersection. The Project includes total capital investment of nearly \$7 million and will increase long-term property tax and income tax revenues.
